## **Technical Approach**

The programming languages we use

- For frontend- HTML, CSS, Bootstrap, JavaScript
- For backend- PHP and
- For database- MySQL

## **Timeline & Pricing**

- It will take us about 3 months to make it.
- The charge for making it will be 1,00,000 BDT.

## **Support & Logibility**

We will provide technical and maintenance support for 3 months and charges apply thereafter. You get lifetime support if no bugs have occurred.

## **Benefit**

- It is a more organized warehouse
- We can easily maintain the count of Daily, Weekly & Monthly
- You can do the daily, weekly and monthly calculation of an entire company with one software
- You can know the amount of profit or loss or whether a company is in a good or bad condition
- Greater automation and more productive
- This will increase data security, business relationship, employee experience
- Low cost

## **Conclusion**

We are confident that we can meet the challenges ahead and stand ready to partner with you in delivering an effective IT support solution. If you have questions on this

proposal, feel free to contact **BS Technology Limited** at your convenience by email at **bstgroup20@gmail.com** or by phone at **+880-1xxxxxxxxx**.
